

# Play to Learn

Virtual Play Groups  
\*For ages 0-5

Join our virtual neighborhood play group!

This is a time for your children to play with other children their age through video chat, while you connect with other caregivers and family members to learn how to support hands-on play with your child. You will also learn more about resources in the community.

Our virtual play group is designed to help children with school readiness, health, and well-being. Play facilitators will organize fun, child-centered activities so that families can participate together.

This program was made possible because of the generosity of Kent County taxpayers and the voter-approved Ready by Five Early Childhood Millage.
