1.5 By Income level

- Note: Sub-sample sizes ≤ 5 were omitted from the figure for robustness.

1.6 By Community Types

- Note: Sub-sample sizes ≤ 5 were omitted from the figure for robustness.

2. Benefit from additional resources/support

Survey questions:

- Do you feel you could benefit from additional resources and supports on parenting and how best to support your child's development?
 - Strongly disagree
 - Somewhat disagree
 - Not sure
 - Somewhat agree
 - Strongly agree
- Note: Responses “strongly disagree” and “somewhat disagree” were combined , and “strongly agree” and “somewhat agree” were combined.
- Note: Sample size too small for the child disability status grouping analysis.

2.1 Overall

2.2 By Race/Ethnicity

- Note: Sub-sample sizes ≤ 5 were omitted from the figure for robustness.

2.3 By Single-Parent Status

2.4 By Material Hardship Status

2.5 By Income Level

- Note: Sub-sample sizes ≤ 5 were omitted from the figure for robustness.

2.6 By Community Types

- Note: Sub-sample sizes ≤ 5 were omitted from the figure for robustness.

3. Get needed support

Survey question:

- In the last week, when you felt overwhelmed or stressed as a parent, did you get the support you needed?
 - Not at all supported
 - Slightly supported
 - Somewhat supported
 - Moderately supported
 - Extremely supported
- Note: “somewhat” and “moderately” combined. Sample size too small for child disability status grouping analysis.

3.1 Overall

3.2 By Race/Ethnicity

- Note: Sub-sample sizes ≤ 5 were omitted from the figure for robustness.

3.3 By Single-Parent Status

3.4 By Material Hardship Status

3.5 By Income Levels

- Note: Sub-sample sizes ≤ 5 were omitted from the figure for robustness.

3.6 By community types

- Note: Sub-sample sizes ≤ 5 were omitted from the figure for robustness.
